

Near Hit Program

Near Hit Program

- Program piloted in the Material Science Division at Lawrence Berkeley National Laboratory (LBNL) for three years
- Was adopted Lab-wide at LBNL in February of 2009
- HHS Review of LBNL noted the Near Hit Program was innovative

Near Hit Program - Argonne Kickoff 11/18/09

- Offered to all Postdoctoral staff at Argonne
- Identify near hits can serve as Lab-wide lessons learned
- We encourage Postdocs to discuss this with their supervisor.
- Fill out form ANL-901 available on the DEP web site

Near Hit Program - How it will work

- Make notes, take pictures if possible
- Five will be selected to make presentation to peers each quarter
- Prepare three minute PowerPoint presentation
- Present at quarterly Post-Doc meetings

Near Hit Program

- Great lessons learned opportunity for Postdocs and the entire Laboratory community
- Positive consequences
- Quarterly winner is determined by applause-o-meter and will receive a check for \$250.00.
- The winners from each quarter vie for the annual award and a check for \$1,000.00
