MEMO TO: Department Chairs of CSUI Universities

FROM: Dr. Uwe J. Hansen, Executive Director

DATE: May 1, 2008

SUBJECT: 2008 Joint Meeting of the CSUI Research Conference, Argonne Symposium for Undergraduates in Science, Engineering and Mathematics, and the Computer Information Science & Engineering (CISE) Education Stakeholder's Summit

## CALL FOR PAPERS!

This fall, CSUI will hold its Annual Research Conference jointly with the 19th Argonne Symposium for Undergraduates in Science, Engineering and Mathematics and the Computer Information Science & Engineering (CISE) Education Stakeholder's Summit.

The date is November 7, 2008. CSUI will feature the Graduate Research component, and Argonne will provide opportunities for undergraduate students to present research results. Our emphasis will be on Graduate Scientific Research, Computational Physics, and Education at CSUI Institutions. This will help faculty of member institutions become more aware of research efforts at Universities other than their own.

As usual, we will have the Argonne tours, joint plenary sessions, a dinner, and a Friday evening session with hands-on experiments and demonstrations.

More details will follow. The purpose of this communication is to ask you to alert your faculty and students to this opportunity. Please distribute this note widely.

CSUI will provide financial support for Students (Graduate and Undergraduate) and Faculty of CSUI member institutions based on the following: the joint conference fee will be paid by CSUI. Housing costs will be covered at the rate of double occupancy at the Argonne Guest House for one night for presenters only.

**The deadline for on-line registration and submission of abstracts is September 2, 2008**
