

Recipients of the 2009 Argonne Named Fellowships

Noel Giebink, Ph.D., Princeton University, was awarded the George Wells Beadle Postdoctoral Fellowship. Dr. Giebink joined the Center for Nanoscale Materials Division.

Alexander Paramonov, Ph.D., University of Chicago, was awarded the Maria Goeppert Mayer Postdoctoral Fellowship. Dr. Paramonov joined the High Energy Physics Division.

Ram Subbaraman, Ph.D., Case Western Reserve University, was awarded the Joseph Katz Postdoctoral Fellowship. Dr. Subbaraman joined the Nuclear Engineering Division.

Recipients of the 2008 Director's Postdoctoral Fellowship

Utpal Chatterjee, Ph.D., University of Illinois at Chicago. Dr. Chatterjee joined the Materials Science Division.

Hovhannes Grigoryan, Ph.D., Louisiana State University. Dr. Grigoryan joined the Physics Division.

Ryan Lindberg, Ph.D., University of California, Berkeley. Dr. Lindberg joined the Accelerator Science Division.

Jenny Lockard, Ph.D., Northwestern University. Dr. Lockard joined the Chemical Sciences and Engineering Division.

Shengqian Ma, Ph.D., Miami University, Oxford, Ohio. Dr. Ma joined the Chemical Sciences and Engineering Division.

Alex Martinson, Ph.D., Northwestern University. Dr. Martinson joined the Materials Science Division.

Karen Mulfort, Ph.D., Northwestern University. Dr. Mulfort joined the Chemical Sciences and Engineering Division.

Vilas Pol, Ph.D., University of Bar-Ilan, Israel. Dr. Pol joined the Chemical Sciences and Engineering Division.

Stefan Wild, Ph.D., Cornell University. Dr. Wild joined the Mathematics and Computer Science Division.

Victor Zavala, Ph.D., Carnegie Mellon University. Dr. Zavala joined the Mathematics and Computer Science Division.

Postdoctoral Activities

Reception Hosted by Laboratory Director

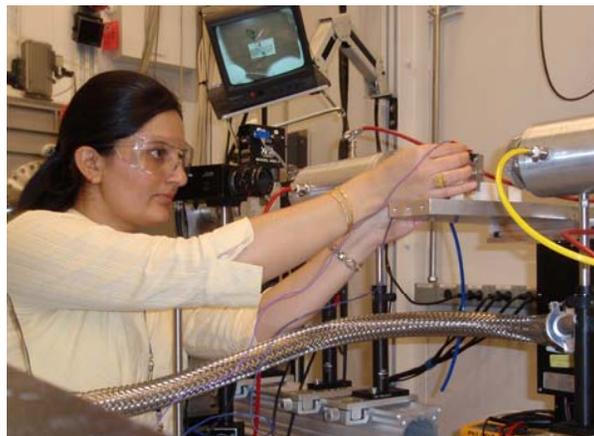

Annually, the Laboratory Director holds an event where all postdocs can meet informally. This provides postdocs with an opportunity to discuss matters with Laboratory management.

Social Gatherings

The Postdoctoral Office organizes pizza lunches with supervisors, postdoctoral committee members, and Argonne management. These social events allow young researchers to meet and interact with Argonne staff in an informal setting.

Announcements of the date and location of these activities, and other events, are made available on the Postdoctoral Office Activities website at www.dep.anl.gov/Postdocs.

Argonne is an equal opportunity employer.

Named Postdoctoral Fellowship Program

Argonne offers Named Postdoctoral Fellowships on an annual basis to outstanding doctoral scientists and engineers who are at early points in promising careers. The fellowships are named after scientific and technical luminaries who have been associated with the laboratory, its predecessors and the University of Chicago since the 1940s, including:

- George W. Beadle, biologist
- Arthur Holly Compton, high energy particle physicist
- Ugo Fano, atomic physicist
- James Wallace Givens, mathematician and computer scientist
- Joseph Katz, nuclear organic inorganic chemist
- Maria Goeppert Mayer, nuclear physicist
- Aneesur Rahman, computational physicist
- David Schramm, astrophysicist
- Glenn Seaborg, chemist
- Harold Urey, nuclear chemist
- Eugene Wigner, theoretical physicist
- Walter H. Zinn, nuclear reactor physicist

2010 Argonne Named Fellowships

Candidates for the Argonne National Laboratory Named Fellowships must display superb ability in scientific or engineering research and must show definite promise of becoming outstanding leaders in the research they pursue.

Fellowships are awarded for a two-year term, with possible renewal for a third year. The 2010 Fellowship carries a stipend of \$78,000 minimum per annum with an additional allocation of up to \$20,000 per year for research support and travel. The Fellows, who will be competitively selected by a special fellowship committee, are given the opportunity to interact with Argonne scientists in a research area of common interest.

How to Apply

The application package requires the following documents:

- Nomination memo (≤ 2 pages) from Argonne sponsor (with copy to Division Director).
- Research proposal (≤ 2 pages).
- Three letters of recommendation from other than Argonne staff.
- CV.
- List of publications, abstracts, and significant presentations.
- Graduate school transcripts.

The sponsor could be someone who is already familiar with your research work and accomplishments through previous collaborations or professional societies. If you have not yet identified an Argonne sponsor, visit the detailed websites of the various Research Programs and Research Divisions at www.anl.gov.

Send all application material to:

Named-Postdoc@anl.gov by November 2, 2009. In the subject line, please include the name of the candidate.

Director's Postdoctoral Fellowships

Candidates for the Director's Postdoctoral Fellowships are selected quarterly based on their research and academic accomplishments and the strength of their research proposals. Postdocs collaborate with Argonne scientists and engineers on existing programs and on new initiatives. All applicants must identify an Argonne sponsor. The sponsor should ideally be someone who is already familiar with your research work and accomplishments through previous collaborations or professional societies. If you have not yet identified an Argonne sponsor, visit the detailed websites of the various Research Programs and Research Divisions at www.anl.gov.

The candidates' application packages are reviewed by the Postdoctoral Committee. The deadline to receive all the application materials is Monday, September 14, 2009. Fellowships are awarded for a one-year term, with possible renewal for second year. The 2009 Fellowship carries a stipend of \$72,000 per annum.

Candidate Eligibility

Ph.D. requirements have to be completed by commencement of appointment. Candidates must have received their Ph.D. recently.

How to Apply

The application package requires the following documents:

- Nomination memo (≤ 2 pages) from Argonne sponsor (with copy to Division Director).
- Research proposal (≤ 2 pages).
- Three letters of recommendation from other than Argonne staff.
- CV.
- List of publications, abstracts, and significant presentations.
- Graduate school transcripts.

Send all application material to:

Director-Postdoc@anl.gov. In the subject line, please include the name of the candidate.

Division Postdoctoral Appointments

Division Postdoctoral Associates typically conduct research in existing Argonne science and technology programs. Candidates are selected based on their academic background and possible input to the research program as described in their proposal. Appointments are awarded for a one-year term, with possible renewal for up to two additional years. The candidates' application packages are reviewed by the Postdoctoral Committee and selection is ongoing.

A list of Division Postdoctoral openings can be found at www.anl.gov/jobsearch. Alternatively, you can identify Argonne staff (sponsor) and inquire about future postdoctoral opportunities. The sponsor, who writes the nomination memo, could be someone already familiar with your research work and accomplishments through previous collaborations or professional societies. Also, you can visit the detailed websites of the various Research Programs and Research Divisions at www.anl.gov.

Candidate Eligibility

Ph.D. requirements have to be completed by commencement of appointment. Candidates must have received their Ph.D. recently.

How to Apply

The application package requires the following documents:

- Three letters of recommendation from other than Argonne staff.
- CV.
- List of publications, abstracts, and significant presentations.

Send all application material to:

Division-Postdoc@anl.gov. In the subject line, please include the name of the candidate. You will be contacted if additional application materials are required.
